Ramblings In Japan

by T. Geo. Wood.

The summer rainy season has arrived in Japan. It has been predicted in the news since about May 10th. Rain is the subject of conversation everywhere.

It is called by various names: Baiu — because it comes at the time when the plums start to ripen, also Nyubai. On or about June 15, every day it begins its downpour, and today, June 21 it has been raining for hours. The rains are watched anxiously because of flood dangers, as the rivers of Japan rise rapidly and many sweep homes and farms away in short order. Actually it is not the wettest season of the year. Six inches are likely to fall between now, June 20, and the season's end in mid-July, whereas in the fall season, over nine inches of precipitation is average. Last year, however, 12.18 inches fell in June, with 5.47 inches in two days of July. Wetter than Raymond in May.

This period is caused by the flow of warm, moist, tropical air — associated against a cooler polar air mass, moving down from the north. It is the forward movement of the summer monsoon.

Coming with little wind, the rain is warm and really pleasant to the feel.

It is good weather for Fish Gods, and festivals, so under torrents, men and boys splash through muddy streets, celebrating their shrine festivals.

They beat drums, blow flutes and ask the God of the Fishermen for good catches during the season.

Little boys and girls in summer kimonos form processions led by masked priests and banners.

Older ones generally carry a portable shrine, with a brass bird above, streamers and lanterns. They cant in unison and perform, a circle snake dance, on the run, as they go down the streets.

At the shrine itself, drums are set up, and rice cookies and sake are served to all the people of the district.

There are many gods in Japan besides the official religions of Buddhism and Shinto, each small shrine or temple has an especial deity.

Among the thousands, possibly the Seven Lucky Gods are foremost.

They are pictured in wood cut prints, paintings, carved in plastic, metal, wood, or ivory, and made the motifs for many art objects.

These seven are:

Ebisu — God of the Fishermen. He is always with a rod and line and a large carp fish and a most happy grin.

Daiokoku — The Farmers God, with two bags full of rice and farm tools.

Fukurokujyu — A prophet of the future, shown as an old man, with a very high forehead and close hat, and a white beard.

Bishamon — The warrior God. In armor, fierce and furious with three pronged spear and other weapons.

Jurojin — The long life man, most venerable and sure to ensure your own long life, with long white beard.

Hotel — The most popular of all. Toothless, with a wide grin and the largest belly, in full view. He carries a heavy sack which contains good fortune, for Hotel is the good luck God.

BORN to Mr. and Mrs. Pete Shaw, June 26, a daughter.

It's not very often that one gets to see a deer on the streets of Raymond but Tuesday morning, some of the folks managed. About 8:45 Pres. J. O. Hicken rang the Recorder office to report that a deer was trotting along the highway in front of the Public School. While he watched, the little animal turned into the lane west of Dr. Walker's and moved slowly North. Unfortunately, by the time the Recorder's cameraman was able to make it to the scene, the deer had disappeared.

Funeral services were conducted from the Raymond First Ward Chapel on Saturday, with Bishop Murray Holt officiating, for the infant son of Mr. and Mrs. William Meeks, Rex Lambert, who passed away Wednesday evening following a short illness.

Mr. and Mrs. Robert C. Litchfield of Brigham City, Utah, were visitors here with their cousins, Mr. and Mrs. Ernest Litchfield, last week.

Mmes. Ada Smith and Zelpha Garrett were among those who spent Tuesday in Lethbridge.

Sunday, June 26, Alma Gill Evans accepted the office of Bishop of the Second Ward. The vacancy was occasioned by the resignation of Bishop William Jensen. Counsellors to the new Bishop are Jim McMahon, Bob Brandley and Leonard Watson, Sec.

Raymond doctors will go along with the general trend of the Salk Vaccination in Canada. Each Grade I child will receive a course of three shots of the vaccine. Date for the program has not yet been set.

Attending the bride as Matron of Honor, was her sister-in-law Mrs. Wm. W. Nalder and as bridesmaids, Mrs. Tom King, sister of the bride, and Miss Cheryl Lindberg, sister of the groom. They wore identical lace dresses in pink, yellow and blue, and carried bouquets of feathered carnations. Tiny Sandra Nalder made a charming little flower girl in pink, carrying a small basket of blue daisies.

Pre-School Tests

Pres. Oryin Hicken, principal of the Raymond Public School, this year supervised certain tests for children coming into Grade I. Last week, intelligence tests were given, and this week, reading readiness tests are in progress. These tests determine the children that are capable and ready to begin school and those that should be advised to wait another year. Close to 100 Grade I pupils are entering school here in September.

Miss Joan Jessop, who is in training at St. Michaels Hospital in Lethbridge, spent the week end with her mother, Mrs. Margaret Jessop, in Raymond.

Mr. and Mrs. Bernarr Kelly are guests at the home of her mother, Mrs. Lottie Graham.

Mr. and Mrs. C. D. Peterson recently visited with their daughter, Mr. and Mrs. Dean Gibb, in Edmonton.

Robert Hironaka is home from Edmonton for the summer before going to Ames, Iowa, to study for his Ph.D. degree in Food Technology. He recently returned from Ames where he had gone to arrange housing accommodations and classes. Robert was accompanied by Sakae and Nick Saruwatari.

Timely Topics

— by S. Waters

(The name S. Waters is a pen-name, and any resemblance to any person, living or dead, is purely coincidental.)

(The views expressed by S. Waters in her weekly column in this newspaper, are not necessarily those of the Raymond Recorder.)

(The above items are inserted in an attempt to keep from being sued for \$7,500,000.00.)

Since the advent of the hard surfaced road all the way from the center of Raymond to Lethbridge, and the building of bigger and better supermarkets, nearer and nearer to the edge of that city, Raymond merchants have found themselves in an increasingly unenviable position.

It takes less time, for instance, to drive from any home in Raymond to a super market in Lethbridge, than it does to drive from a suburban home to the downtown shopping districts of a few of our larger cities in Canada, and many of the cities in the United States.

In ever-increasing numbers he citizens of Raymond are taking advantage of the situation to shop in the larger, gaudier stores of our neighboring city. This doesn't hurt, too badly; however, Lethbridge stores look completely without favor on promiscuous credit buying. Those canny merchants would much rather jingle cash that bills in their tills.

So it has developed, in all too many cases, that the cash goes to Lethbridge, and the bills mount up here at home.

I am one who believes that if I pay cash and keep my bills to a minimum I can spend my money where I please, and, more often than not, I please best where I get the most for my money.

I believe that the Chamber of Commerce and the merchants of Raymond are right in their "Shop At Home" campaign, but, I also believe that the people of Raymond and district are right in expecting prices and services at the same level that can be obtained only a few minutes drive away. And, I also think the people who pay cash are right when they decline to pay part of the cost of long overdue charge accounts.

Legion Auxiliary Monthly Meeting

The regular meeting of the Ladies Auxiliary to the Canadian Legion was held Monday, June 20th, with ten members in attendance. Following the reading and adoption of Sec'y and Treas' reports, the correspondence was read and discussed. The members plan to serve tea to the Old Folks when they travel to Raymond sometime in July in the Calow Coach as special guests of the Ladies Auxiliary General Stewart Branch of Lethbridge.

A most interesting report on the recent Legion Convention held in Calgary was given by our delegate, Mrs. M. Kitchen. This occasion not only marked the 10th annual convention but was also the 21st birthday of the Alberta Command.

The first Auxiliary convention was attended by 11 delegates and the 10th by 140, with 118 fraternal delegates and 27 visitors present. Today there are 155 Auxiliary branches, 22 of which have been organized within the last two years, and the membership is now over 6,000.

Zone Commander, Mrs. Smith of Lethbridge stated that a total of \$21,539 had been raised since last convention in her district which includes auxiliaries from Raymond, Redcliff, Picture Butte, Medicine Hat, Bow Island, Lethbridge and Coalhurst.

Mrs. Dexter, Prov. Pres., who visited Raymond last October for our Zone Rally reported that the largest project of the auxiliaries was the Canadian Legion Polio Fund Drive.

Begging Letters Out of India Still Circulating

Some time ago, we told in one of our columns, how people in India were flooding the country with letters which at best, were of the poorly-camouflaged begging type. The information given at that time was supplied by the Family Herald.

Recently we received from Mr. T. Geo. Wood, in Japan, some first hand evidence of the wide spread nature of this enterprise.

Mr. Wood enclosed the original clipping from the Recorder in which he was first informed of this situation. In this way, he was prepared for the letter which he received shortly after, and which appears below:

From Mrs. P. Diva Krupa
 Christian Prayer Lodge
 Bhupayagraharam
 Amalapuram
 East Godavari District
 INDIA
 1.2.55

Dear Mr. and Mrs. Georgewood,

No doubt you will be surprised to get a letter from me. I have seen your name and address in the Family Herald. I have decided to write to you hoping that you will be interested to hear from a pal in India.

I am the daughter of a Christian Mission teacher and my husband also comes from a clergy family. The most happy thing is that we both love Jesus Christ who is our Saviour.

My husband is a Lecturer in Education. He takes keen interest in Church Ministry and helps Gospel propaganda. He likes to correspond with Ministers and Godly people in your parts. Therefore, please send me the addresses of some such people for which we will be thankful.

There are many poor Christian women, widows and orphan girls in our locality. They are suffering for food and clothing. The women and widows of these families prepare hand made lace goods to earn their livelihood. Most of them are illiterates and are badly in need of help. In the course of our Christian Ministry we have found out that these poor women cannot live without a Sale for their lace goods. They prepare Doyleys, Teacloths, Traycloths, Luncheon Sets Table Cloths, Collars and many other such lovely things.

I am enclosing one doyley in this letter as a sample. Please accept this as a Souvenir. Therefore I shall be glad if you would kindly do a Christian Service by Selling a few of the lace goods of these women. I shall be glad to send you a small packet of the goods on hearing from you.

Another thing is they prepare Cakes with Coconut. With the good hope that you will be a Sympathetic helper for the poor Christian women of India, I have sent a packet of Coconut Cakes to your address. please take that, eat the Cakes and send them whatever financial help you can give for their needs. Or give a piece to your friends and ask something for the poor women in the name of our Lord Jesus Christ. please send your help in a Registered letter to my address. Thus you will do a great Christian Service for the sake of our Lord Jesus Christ.

I really hope that you will reply soon and help in this Christian Cause. Please write in Air Mail.

Awaiting for your early reply,
 Yours Sincerely,
 (Mrs.) Diva Krupa.

We can only pass on the advice tendered by the Family Herald and Weekly Star:

"Although not wishing to interfere with any genuine appeal for charity, the Family Herald and Weekly Star has felt justified in advising readers to ignore the appeals."

News From Your District Home Economist

Elizabeth M. Bartman,
 Lethbridge

It will soon be travel time for many so here are some ideas concerning it.

Travel advisors always begin by telling women — and men too — to travel light. This applies whether you are covering the miles by auto or air. The less luggage there is the more freedom from packing worries, from tipping — and just ordinary care.

Always plan ahead. The new synthetic materials have great travel potentialities for they make for minimum of underthings and even outer wear and accessories that can perform double duties in your wardrobe.

Round-the-clock clothing can save you dollars as well as space. By basing your travel wardrobe on a simple softly tailored suit, you can come up with an outfit to "suit" the occasion, be it a picnic, sight-seeing tour, a movie, concert or church.

Use round-the-clock clothing for a varied temperature holiday by planning around light colored heavy fabrics and dark colored thinner fabrics. Then you can always dress comfortably. Use a central color scheme and accessorize it with blouses plenty of bright scarves and jewelry. Extra large handbag, a transparent raincoat, dark glasses and well-fitting shoes for walking and street wear, also a pair of high heels for dress occasions. Look in your closet to select the costume which brings you the most compliments — that in which you will be happy and have a good time — then start adding.

If you are travelling by train, airplane or steamship, an all-expense tour is recommended because you know your major expenses in advance.

When the whole family tours in the family car then plan your wardrobe on easy to wash non iron sports clothes and work out a scheme for successful travelling with tots. It is based on comfort and entertainment and will in all probability lead to more enjoyable jaunts and develop the youngsters into junior grade tourists.

Whenever a child appears to be interested in the outing, begin to include him in the planning, and by all means just before departure time, round up all the children and tell them a little about where they are going and what they will see.

Assign or let the youngsters take on little chores. Take along favorite toys, handwork, dolls and clothes, balloons, etc., omitting books or close work that are hard on the eyes while driving.

Stop frequently for a short jaunt in a variety store to let them select a new toy. This will relieve the tension. Buy the "fixings" for a picnic and stop at some pretty roadside park. This is a change from restaurants and also will provide opportunity for a rustic romp that will tire them out enough for a snooze in the back seat.

For this, build up the floor space between seats so that it is even with the rear cushion. When they awake this is a play area. Boxes or cushions will raise the little tots so that they can see the scenery. Then engage them in playing games such as "First to Spy". You will find that the youngsters will have made, not broken, your vacation trip.

The Second Ward Study Class met Sunday night at the Bob Bennett home. The subject under discussion was, "The Way to Perfection." Mr. and Mrs. Jim McMahon were welcomed into the class by the hosts and the Frank Navratils, Bob Brandleys, Alan Jensens, Lawrence Turners, and Bill Bowdens.

To Our Friends and Customers

Dear Customer:

The year 1955 marks the 10th Anniversary of The Broadway Store. Through these years we have appreciated your patronage. We do enjoy serving you. It is our desire that each face we serve may be a friend as well as a customer, that friendship may always be paramount in our business relationships, for it is here that our life is lived as well as our living earned.

Just as the horse and buggy have disappeared from our streets so must we in our business plan and change if we are to look to a future of progress.

After due consideration, we have decided to adopt a Cash Policy in line with the modern trend everywhere. (More than 7,000 merchants in Alberta, Saskatchewan and Manitoba have taken this step in the last 18 months.) By operating on cash we will be in a position to give our customers the best possible service at the lowest possible price, consistent with good merchandising.

Effective July 1st. The Broadway Store will be on a strictly CASH BASIS. We are confident that this new policy will be a definite advantage to you.

Special arrangements for financing may be made on larger purchases.

May we take this opportunity to thank you for your support in the past, and to express the hope that we may long be favored with your patronage under this new plan.

Very truly yours,

And last of all — Benten, a woman God, which is most unusual. She is the Goddess of all arts, Music painting and literature. She carries a Samisen, or Japanese guitar.

Here are only seven of the thousands. The various priests, whether of Buddhist or Shinto persuasion, are called upon to offer prayers to any of them for the blessings desired.

Recently such a ceremonial was held at Camp Fuji Motor Pool.

The drivers, after hearing safety lectures, felt they were victims of evil spirits, as they had 10 accidents in three months.

Permission was granted, so a Japanese priest, clad in green ceremonial kimono and with his priests hat, beaded and looking like a small sat-chel, attended the motor pool.

He stood in front of an altar with offerings of fish, fruit, rice and vegetables and sake, all to the Shinto God Uji - gamu - Sama.

The priest clapped his hands, bowed to the altar and began the prayer to drive away evil spirits.

A ceremonial twig was now placed on the altar by him. The drivers all placed a twig there also.

These paper festooned twigs were now waved over the trucks, cars and drivers.

So were swept away the evil spirits hexes and the troubles of the U.S. truck drivers.

LEGION AUXILIARY

(continued from front page)

One district alone raised \$8,618 while the Yellow Knife Auxiliary raised \$1,500. Our Auxiliary in Raymond raised the sum of \$60 through Bake Sales and donations.

The work of the Canadian Legion Auxiliaries is vast and far reaching, including donations to Cancer, Polio, Red Cross, Hospitals, and Sanitarium, C.N.I.B., Flood Relief, Crippled Childrens Hospital, Veterans and other needy families and Overseas Parcels. Over \$6,900 was spent in the past 2 years by Alta. Auxiliaries on Veterans Aid, alone.

The convention in Calgary this year was held in the Gas Co. Auditorium which was kindly donated. In her report, Mrs. Kitchen listed the resolutions that were passed and also told of the entertainment and luncheons given by the Calgary Auxiliaries. The banquet and dance Wed., June 15th, concluded a most successful convention.

Following the report, draws for the door prize, donated by Mrs. A. Ralph, and the membership fund were made with Mrs. Howell winning the former and Mrs. Haugen the latter.

A delicious supper, served by Mrs. Mary Thompson and Mrs. M. Kitchen brought the evening to a close.

The next meeting will not be held until September but members are reminded to continue to work in bazaar articles and to bring as many as possible to our opening fall meeting. Also there are still a few Cancer books not turned in and all canvassers are asked to finish this work as early as possible. The Auxiliary expresses gratitude to all those who assisted in this drive and wish to report that the sum of \$465 has been raised to date in Raymond and District.

TIMELY TOPICS

(continued from front page)

Raymond merchants have realized all these things but have been slow to offer a remedy. They are, however, beginning to make a showing. Prices are starting to go down, and some in this week's paper are lower than those advertised in Lethbridge. They must, yet, offer an inducement for cash buying, because cash is needed if the stores are to stay open.

My suggestion would be a 2% discount for cash on all purchases.

Merchants here should realize that their only selling advantage is distance, which is getting of smaller account day by day. This same distance imposes a buying disadvantage which they will have to overcome somehow.

In Raymond at the present time, we have one merchant who has a list of Lethbridge prices for services prominently displayed in his shop, and consistently meets or betters them in his own operations.

We have another firm in town who only recently declared an intention to switch to a strictly cash basis, with resultant better service and lower prices.

These are definite signs of changes that must come if Raymond is to survive as a center. They may or may not be the right changes. Time alone will tell.

Men, materials... and money

When a business lands an order or a contract, it is likely to go to a chartered bank to arrange some of the financing. It may need bank credit to meet payrolls, to buy materials or to cover other costs that arise before it is paid.

That's why businesses both large and small can take on many jobs they would be unable to handle if they had to depend entirely on their own financial resources... And why, every day and in every part of Canada, the chartered banks are lending money to producers, manufacturers, processors and other commercial customers.

Commercial loans are only one of many banking services available at a branch of a chartered bank. You will find it is a convenient banking service-centre where you can attend to all your banking needs.

Only a chartered bank offers a full range of banking services, including:

SAVINGS ACCOUNTS

Keep your money safe; pay you steady interest; encourage the habit of thrift.

FARM IMPROVEMENT LOANS

For many worthwhile purposes, adding to progress, efficiency and the comfort of farm life.

TRAVELLERS CHEQUES

Protect you against theft or loss of cash. They are readily negotiable anywhere.

PERSONAL LOANS

To finance your personal needs; repayment in regular instalments from your earnings.

**Times Change...**

...and how they change! For the Alberta housewife of 1905 cooking meals meant firing a wood stove, with frenzied "rescue rushes" to prevent burned foods and spill-overs. Wash days were a test of physical endurance and the Saturday night bath—one long shiver after another!

Today, if yours is an average Alberta home, you use clean, silent natural gas for carefree automatic cooking, water heating and home heating, plus refrigeration, clothes drying and waste disposal.

Your Gas Company today is busier than ever keeping up with today's needs and planning to make sure that natural gas will continue to be inexpensive and plentiful tomorrow.

Built-in kitchen ranges and modern gas appliances will be displayed in many of the homes. No admission charge—free home catalog given to all visitors.

July 11th to 16th

Stampede visitors will want to visit the "Hall of Flame" located under the Stampede Grandstand. Here you can sit and relax in the quiet atmosphere of your Gas Company's display booth. Gas appliances will be on hand to help with your appliance and cooking problems.

When the rain started to pelt down Tuesday afternoon, Bobby Phillips, son of Mr. and Mrs. Wayne Phillips was in no way daunted and insisted that his birthday party wasn't washed out. Bobby and his friends: Warren Depew, Ricky Melchin, Jacky Innes, Glen Williams, Gordon Tillack, Reed Adams, Roy Stevens, and Morris and Gordy Phillips, left the park where they had been playing soft ball. At the Phillips home they roasted marshmallows over the hot plate, ate a delicious lunch, and played Bingo. Bobby's eighth birthday was, indeed, a big success.
